

FLOWER SCAVENGER HUNT

These plants can be seen blooming during the spring at Brooklyn Bridge Park!
Plants that produce flowers are called **angiosperms**. Can you find them all?

REMINDER: Respect nature - take only photos, not flowers!

Eastern Redbud

Serviceberry

Red Columbine

Witch Alders

Daffodil

Viburnum

Celandine Poppy

Tulip

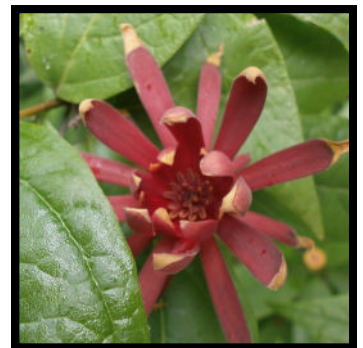

Red Deadnettle

Dandelion

Virginia Bluebell

Carolina Sweet Shrub

Many trees (but not all) are flowering plants.

How many flowers on this guide come from trees? _____
